Did you know it's the law that all children under 150cms or 36kgs must use a child car seat appropriate to their weight and height. In Ireland as many as 4 out of 5 child car seats are incorrectly fitted which can lead to serious injury or even death in a collision.

The Check it Fits service is quick, it's easy, it's free. On the day our experts will advise on how to fix any problem, demonstrate how to fit the restraint correctly and answer any queries participants might have. Our experts aim to put parent's, grandparent's and guardian's minds at ease that their child's car seat is safely and securely fitted in their car.
