Church Refurb: Electrical replacement works.

We are please to say that following all your successful fundraising, together with some careful budget management over the last few years, we are now in a position to go ahead with the electrical works. Fr Liam has signed the contract this week. There will now follow a period of detail design development. Works will start in the church mid July and will take about 3 months. There will be some disruption to normal services as you would expect. We will keep you informed as we proceed. Thanks to everyone for your help and commitment. Well Done All!

We are extending our closing date to Monday 9th June 2025

"Parishes Alive - Moving Forward in Hope!"

Bishop Denis, together with the Diocesan Pastoral Council, will host a day for lay people and clergy to explore the direction of the Diocese of Kildare & Leighlin and how it impacts on the day-to-day life of a parish. We are building on the work done previously by the DPC, the Council of Priests, Faith Development Services, and across parishes. The day will comprise inputs from guest speakers, along with prayer, general discussion, and intentional listening. The keynote speaker will be Prof. Fr Michael Conway, Professor of Faith & Culture at St Patrick's Pontifical University, Maynooth. It takes place on Saturday, 21st June 2025 in Carlow College with registration at 9:30am, starting promptly at 10am and concluding at 4 pm. Lunch is included. Booking essential by email to parishdevelopment@Kandle.ie, providing your name and parish, or by phoning 083-8305681.

Irish Cancer Society's Transport Service – Volunteer Drivers Needed

The Irish Cancer Society's Transport Service is seeking compassionate volunteer drivers in your community. Your time can help to continue the vital service of providing transport for patients attending cancer treatment appointments.

If you have a minimum of 2 days per month to spare, a valid driving license, and a safe, reliable vehicle, you're the perfect candidate to make a significant difference. Your generosity can ease the journey for many during a challenging time, offering comfort and support when it's needed most.

Full training will be provided. There are a number of essential post-drive administration tasks that will require either existing knowledge of basic computer or IT skills, or the willingness to acquire such skills (such as scanning and uploading documents or attending virtual meetings). For more information and to become a volunteer driver, contact Monica at volunteer@irishcancer.ie.

Top Ten Ways to Help Pollinators:

Plant pollinator friendly trees

Native trees and shrubs such as Willow, Hawthorn, Rowan, Crab Apple, and Holly support huge numbers of insects including pollinators.

Why: Trees that blossom in Spring are a low-maintenance, vital source of food for pollinators. Trees contribute to a healthy climate and biodiversity, supporting a rich variety of organisms such as lichens, mosses, birds, mammals, and insects.

Where: Anywhere there is space.
