Church Refurb: Electrical replacement works.

We are please to say that following all your successful fundraising, together with some careful budget management over the last few years, we are now in a position to go ahead with the electrical works. Fr Liam has signed the contract this week. There will now follow a period of detail design development. Works will start in the church mid July and will take about 3 months. There will be some disruption to normal services as you would expect. We will keep you informed as we proceed. Thanks to everyone for your help and commitment. Well Done All!
